

During Conference Week, this is what you should be doing during your asynchronous time:

Required to finish

Daily Math Problems each day

Read aloud responses (Tuesday through Thursday)

Weekly Math Problem (turn in by the Monday after Thanksgiving break)

Scholastic News

Science Experiment due 11/19

Codebreakers - due 11/19

Finish Subtraction Strategy 2

Skillsheets - at least 2 pages (you should be doing 2 pages every week)

Reading 20 - 30 minutes each day

Your gratitude leaves with your family, if you haven't already done them

Geometry -

3rd graders: Naming Shapes pg. 1-3 (should already be done, but if not, do them)

Naming Quadrilaterals pgs. 1-4 (some will get done on Monday)

4th graders: Types of Polygons (should be done, but if not, finish it)

Naming Quadrilaterals pgs. 1-4

Optional

Dreambox Lessons

Value Coloring Activity from your pickup bag

Brain Boosters

Pentomino Puzzles

Codebreakers #2

Optional computation subtraction strategies work
